Intro

DECOR FAN
FOR
EVERY HOME.

Catering to a wide variety of custom ventilation solutions suited for commercial, residential and industrial projects, Decor Fan SEA serves as a platform offering the widest variety of decorative fans for living sanctuaries. We provide a sweet spot between the functionality of a ceiling fan's ventilation effect, while complementing your individual decor characteristics.

Through strategic alliances with international organizations over our growth, we emphasize heavily on consistent research and development efforts, facilitating the implementation of timeless aesthetics of our décor fans which we pride upon.

#As Seen On

D Fanatics:

Pushing the boundaries and changing the perspectives of the norm is a bold statement that you can make with the D Fanatics fans. Designed with aesthetics and functionality in mind, D Fanatics boasts the curves of the blades and the breeze they produce.

D Fanatics

Let your creativity run wild and top it up on the curves with a pop of color or design that tells a story of your own. Perfect for the ones who are searching for that extra oomph in your living space. It is your statement art piece.
